

Unit of Competency

CPPSCM4083 Terminate strata community

Modification history

Release	Comments
1	Supersedes and is equivalent to CPPDSM4083 Terminate strata community. This version first released with CPP Property Services Training Package Release 15.0.

Application

This unit of competency specifies the skills and knowledge required to terminate a strata community. It includes interpreting strata community termination requirements, confirming regulatory and strata community requirements for termination, preparing and lodging the termination and implementing termination procedures within designated timeframes.

This unit is suitable for strata community managers who apply a broad range of skills and knowledge to complete routine and non-routine tasks and deal with predictable and sometimes unpredictable problems. Strata community managers may also be known as strata managers, owners' corporation managers or body corporate managers depending on the jurisdiction of operation.

Licensing, legislative, regulatory or certification requirements apply to strata community management in some states and territories. For further information, check with the relevant regulatory authority.

Prerequisite Unit

None.

Unit Sector

Strata Community Management.
