

UNIT MODIFICATION HISTORY	
<b>Release 1</b>	<p>This version first released with CPC Construction, Plumbing and Services Training Package Release 9.0.</p> <p>Updated to meet Standards for Training Packages.</p>

<b>Unit Code</b>	<b>CPCCSV5004</b>
<b>Unit Title</b>	<b>Determine jurisdictional legislative frameworks for planning proposals and building approvals</b>
<b>Application</b>	<p>This unit of competency describes the skills and knowledge required to research, interpret and establish land use and urban development legislation and national building codes that apply to planning proposals and property developments.</p> <p>The unit applies to paraprofessional worker who have technical and theoretical knowledge of land use planning and building related legislation and codes of practice. They demonstrate autonomy, judgement and responsibility in a range of contexts within broad but established parameters. They possess communication and analytical skills to determine and transmit solutions to complex problems.</p> <p>No licensing, legislative or certification requirements apply to this unit at the time of publication.</p>
<b>Prerequisite Unit</b>	Nil
<b>Competency Field</b>	030905 Building Services Engineering
<b>Unit Sector</b>	TBC

ELEMENTS		PERFORMANCE CRITERIA	
Elements describe the essential outcomes.		Performance criteria describe the performance needed to demonstrate achievement of the element.	
1	Establish legislative requirements for administering planning proposals	1.1	Identify and record relevant legislation and policies impacting planning proposals
		1.2	Correlate impact of legislation and policies on planning proposals
		1.3	Interpret and apply legislative and policy frameworks to planning proposals
2	Establish legislative requirements for administering building approvals	2.1	Identify and document the relevant building legislation applicable to property developments
		2.2	Identify and record importance of National Construction Codes on buildings and structures
		2.3	Correlate impact of legislation and NCC on building approvals
		2.4	Interpret and apply NCC and legislation for building approvals

CPCCSV5004 Determine jurisdictional legislative frameworks for planning proposals and building approvals

3	Determine responsibilities and processes for planning approvals	3.1	Identify planning application requirements and processes according jurisdictional requirements
		3.2	Identify responsibilities for compliance with legislative requirements
		3.3	Identify approving authorities required for planning applications
		3.4	Identify and review appeals procedures and rights of stakeholders for planning proposals and planning applications according to legislative requirements
4	Determine responsibilities and processes for building approvals	4.1	Identify building approval requirements and processes according jurisdictional requirements
		4.2	Identify responsibilities for compliance with legislative requirements for building approvals
		4.3	Identify approving authorities required for building approval applications

**FOUNDATION SKILLS**

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

UNIT MAPPING INFORMATION	Code and title current version	Code and title previous version	Comments	Equivalence status
	CPCCSV5004 Determine jurisdictional legislative frameworks for planning proposals and building approvals	CPCCSV5004A Apply legislation to urban development and building controls	Redesigned unit to meet current industry requirements and practices	Not equivalent
